This is the minimum recommended level of pay for tournaments.

- Games for tie breakers are paid at .5 the match rate.

Food

It must be declared whether or not food will be provided. If food is to be provided it must be declared how it will be done. Food may be provided in one of three ways:

- 1- A credit at the facility concession stand of no less than \$10 if the concession stand has sandwiches/hot food
- 2- A per diem of \$10 per day included in the payment made to the official
- 3- A hospitality room with food if the room includes sandwiches/hot food

It must be declared whether or not officials will be allowed to bring food to a site in a cooler or otherwise.

Both of these declarations will be made at the time the tournament is sanctioned.

Hotels

For a one day tournament, a referee will be provided with a hotel room on the night before the tournament if they live 60 or more miles away. For a two day (or more) tournament, a referee will be provided with a hotel room on the night before competition and night between competitions if they live more than 60 miles away.

Filling in for Teams missing reffing duties

If a referee has to fill in because a team doesn't have enough qualified people to be a ref team they will be paid. This money should be paid by the Region out of the fines that are levied against the team that does not have a sufficient number of qualified members to perform its referee duties. The tournament director (site director) and head referee are responsible for reporting this information.

Receipt of Payment

Officials should be paid no later than two weeks after the completion of the tournament.
